A MESSAGE FROM STUDIO STARLIT

Allow me to take this opportunity to thank our learners and parents for the commitment these past two weeks to train and rehearse this magical performance. We appreciate your commitment to keep bringing these wonderful bunch of learners to our Studio every day in the middle of summer heat !

Studio Starlit believes in equipping learners with the right life skills to stand out from their contemporaries and peers. Our programmes are designed to foster creativity, self-esteem, empathy, interpersonal communication and teamwork by building on the talents of the individual. Through this Summer Wonderland programme, we utilise Drama as the medium to train such life skills.

Using the London Academy of Music and Dramatic Art (LAMDA) Syllabi as the foundation, Studio Starlit helps learners to attain a strong clear speaking voice, develop good clear presentation skills and learn to exhibit and read body language, providing them with a tangible advantage in a competitive world tomorrow.

LAMDA is a world class drama school established in London in 1861, offering exceptional vocational education and training to actors, musical theatre performers, technicians, directors and learners of all abilities. LAMDA's educational and examination programmes have provided students and graduates with outstanding communication and performance skills, optimising their future opportunities in both their careers and daily life.

Studio Starlit yearly programme runs regular classes during Autumn Term (September to December), Spring Term (January to March), and Summer Term (April to June). We will break from regular classes in July and August for Summer camps. Please check the following links for:

ALICE IN WONDERLAND

SYNOPSIS

Alice in Summer Wonderland is a play based on the 1865 novel 'Alice's Adventures in Wonderland' By Lewis Carroll. Narrated by the 'not so imaginary' Cheshire Cat, the story follows a young girl, Alice, who falls asleep in a meadow beside her sister Ruth. She begins to dream about a White Rabbit, who she follows and eventually falls down a rabbit hole. Alice wakes up to find herself in Wonderland. She stumbles upon a caterpillar and her flowers, who reprimand her for being too loud. Luckily, she meets the rabbit she was looking for and pleads with the rabbit to help her find her way home. Rabbit insists she will do so but only after they attend the Duchess' tea party. Meanwhile, the Mad Hatter is being held captive by The Queen of Hearts and her trusty guards for beating her at her own game of croquet. After escaping the queen's clutches, Hatter seeks refuge in the Duchess' castle. Here she meets Alice and together they explore themes of identity, friendship, morality and absurdity. Alice eventually wakes up to find herself back in the meadow with her sister and shares in delight her adventures in summer wonderland.

DIRECTOR'S NOTE

Directing Alice in Summer Wonderland has been an absolute dream come true. I am honoured to work with such bright young minds who go above and beyond to showcase their talents. The amount of growth I have witnessed over the past 2 weeks has been incredibly inspiring and a reminder that the future of performing arts in Hong Kong shines bright. I trust that every student will have learnt the importance of clear communication and the basics of acting. Friendships were made, games were played but most importantly, we have all had an unforgettable experience. Thank you to all the parents for encouraging your little ones to be brave and thank you to the little ones for all your hard work and dedication. I hope to see you all again soon, have an amazing summer break!
